

Clos de la Barthassade

Vin de France Blanc de Cinsault

ABOUT THE ESTATE

- Terrasses du Larzac is a young appellation that has quickly proven itself as a home for top-quality wines.
- Winemakers Guillame and H el ene Baron have hand-selected every vineyard plot and the varieties grown within.
- The vineyards are farmed biodynamically, with the warm, sunny days providing the perfect environment for natural grape growing.
- Unusually for the Languedoc, the wines are 50-80% whole cluster, and all vinification is by gravity.
- The wines draw comparisons to far more famous appellations, such as C ote R otie, making this lineup a superb value for money.
