Domaine de la Bergerie

Coteaux du Layon Clos de la Bergerie

ABOUT THE ESTATE

- Domaine de la Bergerie is a fourth-generation family estate founded in Anjou in 1961.
- The estate sits on the eastern end of the Armorican Massif, which provides the schist bedrock their varied plots rest upon.
- The 36 hectares under vine are certified organic, adhering to Bergerie's high standards of excellence.
- Chenin Blanc is the focus, though other varieties are grown, including Cabernet Franc, Cabernet Sauvignon, and Grolleau.
- The style of the wines is modern, but not overly polished, as each cuvée is allowed to show its terroir, honoring this capitvating appellation.
