

Domaine du Bouchot

Vin de France Orange

ABOUT THE ESTATE

- Established in the 1980s, Domaine Du Bouchot was certified organic in 2009 and biodynamic in 2020.
- Antoine Gouffier has been running the estate since 2019, but has been a part of the fabric of Pouilly-Fumé since his childhood.
- Vines are planted on classic Kimmeridgian and Portlandian soils, reflecting intense minerality into the wines.
- Winemaking is minimal intervention, using indigenous yeast, stainless steel and minimal sulfur additions.
- These wines are excellent representations of a sometimes-overlooked appellation and are vibrant, elegant, and balanced.

APPELLATION

Pouilly-Fumé
