

## Charodon Meursault

### ABOUT THE ESTATE

- Charodon was founded in 2010 by Louis Vallet, whose Gevrey-Chambertin-based family has deep roots in Burgundy.
- Louis brings both local and global expertise to this project, as prior to 2010, he worked in Burgundy and internationally.
- All land is leased on long-term contracts and farming is organic.
- Winemaking is largely hands-off, with indigenous yeast fermentation and long aging in French oak. These wines are characterized by not only their upfront appeal, but also their ability to evolve and gain complexity.

### APPELLATION

Meursault

### GRAPE VARIETY

100% Chardonnay

### FARMING

Sustainable

### SOIL

Clay-limestone

### VINEYARDS & VITICULTURE

From two parcels: Les Vignes Blanches on the north side of Meursault, with vines approximately 35 years old, and Les Bellans on the south side, with vines approximately 30 years old.

### HARVEST & VINIFICATION

Hand harvested and fermented with native yeast in barrel. Moved to a cold 16th-century cellar for winter aging, where fermentation pauses before restarting with the warmth of spring. Aged for 12–14 months in barrel on the fine lees.

### ALCOHOL BY VOLUME

12.5

### PACK SIZE

12x750mL
