

## Gouffier

### Montagny Terroir de Marnes

#### ABOUT THE ESTATE

- The Gouffier estate has been in existence for nearly 200 years, albeit under a variety of names.
- After working with Jerome Gouffier off and on since childhood, Frédéric Gueugneau assumed control of the estate in 2011 after Gouffier's death. He now works with partner Benoit Pagot.
- Frédéric drew from his experience at La Chablisienne to improve the property, also instituting organic farming practices.
- All these Côte Chalonnaise expressions are aged in wood from Doreau Tonneliers, and every effort is made to ensure the perfect match between barrel and wine.
- The attention to detail is apparent throughout the portfolio, as Frédéric and Benoit bring a level of perfectionism to each of their cuvées.
