

Licence IV

Vin de France Rouge

ABOUT THE ESTATE

- Created by Martine's President Greg Castells, Licence IV is a dynamic, irreverent label that blends our ethos of excellent, artisanal winemaking with a light-hearted twist.
- Available in one-liter bottles and 250ml cans, the white, rosé, and red offered by Licence IV are the perfect go-tos for parties and outdoor events.
- We partner with our existing portfolio of producers to bring wine that we're proud to sell at a price point that makes fine French wine accessible to all.
- The grapes for these wines are organic and/or sustainable, so you can feel good about what you're drinking.
- We honor our commitment to bringing people around the table with Licence IV, which is ready to be enjoyed at any moment.

VINEYARDS & VITICULTURE

Property is surrounded by olive and truffle oak trees, lavender fields and the thick forest. The vineyards are near the northern limit of ripening Grenache, in the colder foothills of the Alps, where they are swept by the strong mistral winds.

HARVEST & VINIFICATION

100% destemmed grapes. Fermentation and élevage occur in concrete vats with native yeast and very light filtration.
