

## Niepoort – Docil

### Vinho Verde Docil

#### ABOUT THE ESTATE

- Docil is a partnership between Niepoort and legendary Vinho Verde winemaker Luís Cerdeira.
- Cerdeira is a fixture in the region, formerly of Soalheiro and now pursuing his own projects.
- Docil is made from 100% Loureiro grapes from 20+ year old vines grown on granitic soils that are farmed organically.
- With bright notes matched by concentration, this is a Vinho Verde that shows depth that is a rare find in this category.
- Another example of Dirk Niepoort pairing with the best winemakers near and far, Docil is an enjoyable, serious, unmistakably Niepoort wine.
