

Niepoort – Quinta de Nápoles Douro Tinto Twisted

ABOUT THE ESTATE

- Visionary winemaker and fifth generation of the historic Port house Niepoort, Dirk Niepoort is redefining what the Douro Valley can offer.
- Acquired by the Niepoort family in 1987, Quinta de Nápoles is a 30-hectare estate in the heart of the Cima Corgo.
- From these north-facing, steep-sloped vineyards, Niepoort crafts a range of dry wines that have evolved significantly over the years.
- These wines represent the new Portuguese style, and are lighter, fresher, lower-alcohol wines (often just 11–13%) that reflect a more modern, terroir-driven aesthetic.
- The world's perception of Portuguese wine is undergoing a major transformation—and Quinta de Nápoles stands at the forefront of this change.

VINEYARDS & VITICULTURE

This wine is produced from vineyards located in the Cima Corgo sub-region. It was created especially for the American market, and the front label was designed by American animator Bill Plympton.

HARVEST & VINIFICATION

The grapes are manually harvested. After arriving at the Quinta de Nápoles, they were carefully destemmed and fermented in stainless steel tanks under controlled temperatures for approximately one week. A portion of the wine was matured in French oak barriques whereas the rest of the wine remained in stainless steel for about six months.
