

Domaine du Séminaire Côtes-du-Rhône Blanc Le Clos

ABOUT THE ESTATE

- Domaine du Séminaire lies tucked into the hills of Valréas, an idyllic property that offers a snapshot of a long-ago time.
- The 100 hectares are planted to olive and oak trees, lavender, and forest as well as vine, making this a hot-spot of biodiversity.
- In the foothills of the Alps, this terroir represents the northern reaches of where Grenache can successfully ripen, walking the tightrope between full ripeness and bright acids.
- Hervé and Mathilde Pouzin are the fourth generation to tend these vines, and keep viticulture and vinification traditional. Their main “modernization” has been to convert all the vineyards to organic farming.
- It's a labor of love to make these Côtes-du-Rhône and they are exceptional examples of what this striking terroir can bring.

APPELLATION

Côtes-du-Rhône

SUB-REGION

Southern Rhône

GRAPE VARIETY

100% Marsanne

FARMING

Sustainable, Organic (Ecocert), Vegan

SOIL

Predominantly clay

VINEYARDS & VITICULTURE

The property is surrounded by olive and truffle oak trees, lavender fields and thick forest. The vineyards are near the colder foothills of the Alps, where they are swept by the strong mistral winds.

HARVEST & VINIFICATION

Fermentation in inox with native yeasts. Elevage in cement egg. No sulfur.

ALCOHOL BY VOLUME

13.5

PACK SIZE

12x750mL
